Subject: Pavillion ADQ Report Version 3
TO78-2epa Version 3.docx
<http://www.neptuneandco.com>

Steve,

attached is version 3 of this ADQ Report. This version is identical to the version 2 sent to you, with the exception that the analyses performed at Las Vegas are now include. Issues with ethoxylates, alkyl phenols, and acrylamide are now summarized in Observation 13.

I will now go through your comments on Version 2.

Thank you

Dave
